

Internal Client Services (Complex)

NAMRIA utilizes a 24/7 web-based information system called the Internal Client Request Management System (ICRMS) to facilitate requests between delivery units or offices. The client only needs one step to start off the request, and the system will automatically send notifications at each step of the processing unit actions. The requestor will be notified once the request has been received, approved, processed, and delivered.

Below is the list of records, documents, outputs, and services that can be requested through the ICRMS.

RECORDS, DOCUMENTS, OUTPUTS, AND SERVICES	DELIVERY UNIT
Request for Financial Records <ul style="list-style-type: none"> ● Certificate of Contributions ● Certificate of Remittances ● Income Tax Return ● Tax Certificate 	Financial and Management Division
Request for Information System Technical Support <ul style="list-style-type: none"> ● Updating of Libraries ● Generating Reports ● User Training ● Access Support ● Infographics 	Geospatial System Development Division
