**THE PHILIPPINE NOTICES TO MARINERS** is a monthly publication produced by the National Mapping and Resource Information Authority (NAMRIA). It contains the recent chart correction data, updates to nautical publications, and other information that is vital for the safety of navigation on Philippine waters.

Copies in digital format may be obtained or by downloading at the NAMRIA website: <http://www.namria.gov.ph/download.php#publications> or by sending a request through the email address [maritime.affairs@namria.gov.ph](mailto:maritime.affairs@namria.gov.ph).

Masters of vessels and other concerned parties are requested to advance any report of dangers to navigation and other information affecting Philippine Charts and Coast Pilots, which may come to their attention, to the **Director, Hydrography Branch**. If such information warrants urgent attention, for instance the non-existence of aids to navigation or failure of light beacons or similar structures or discovery of new shoals, all concerned are requested to contact NAMRIA directly through the following portals:

Mail	NAMRIA Hydrography Branch, 421 Barraca St San Nicolas, 1010 Manila, Philippines
E-mail	<a href="mailto:maritime.affairs@namria.gov.ph">maritime.affairs@namria.gov.ph</a>
Landline	(+632) 8245-0295
Online	<a href="https://namria.gov.ph/omsis/HNote10.aspx">https://namria.gov.ph/omsis/HNote10.aspx</a> .

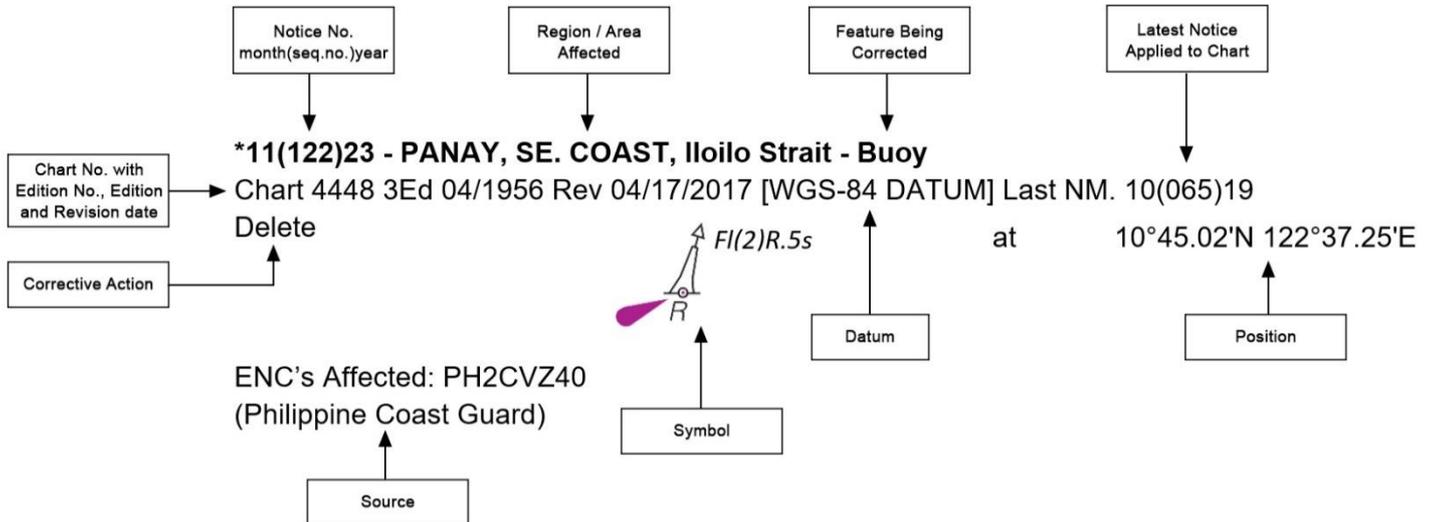

Organized chart corrections, cumulative and summary list of chart corrections as well as online hydrographic note are also available through the **Philippine Online Maritime Safety Information System (OMSIS)**, <http://namria.gov.ph/omsis/landing.aspx>.

Active navigational warnings are accessible at <https://staging.geoportal.gov.ph/nwapp/>

## EXPLANATORY NOTES

- The Philippine Notices to Mariners is divided into the following sections:

**Section I. Index of Charts Affected** – Contains the list of all nautical charts which have been affected by Notices to Mariners and the Notice Numbers which have affected them.

**Section II. Chart Corrections** - Contains corrections to nautical charts in sequential numbers with the indication of the month and year of its issuance. The illustration below describes the elements that comprise a typical notice:

Notice No. preceded by an asterisk “ \* ” indicates that the information is based upon the original Philippine source.

**Section III. Temporary & Preliminary Notices** – Contains Notices to Mariners that temporarily affect the nautical charts or have preliminary information that is subject to further verification. The capital “P” or “T” affixed in the number of any notice denotes “*preliminary*” or “*temporary*”, respectively.

A list of Temporary and Preliminary Notices that are still in force, as well as those that are canceled, is published in this publication every month. The list may be read on page v.

**Section IV. List of Lights Corrections** – Contains the corrections to the latest edition of the Philippine List of Lights. The entire entry for each light will be printed and the columns that contain updates will be denoted by an asterisk “ \* ”. All columns will be denoted by asterisks in the case of new lights.

This section is intended to be printed, cut out and pasted on the section of the List of Lights that is being corrected.

All updates to lighted aids, including their operational status, will be published in this section. All directions and bearings are measured clockwise from true the North 000° to 360°. Bearing on lights is based on the observer from seaward toward the light. The visibility assigned to the lights never exceeds the calculated distance at which they can be seen from a height of 4.57 meters above the level of the water at high tide.

Changes in aids to navigation, their maintenance, and correction of deficiencies in operation are under the operation of the Philippine Coast Guard. Report of defects and recommendations concerning aids to navigation should also be forwarded to the Commandant of the Philippine Coast Guard.

**Section V. Coast Pilot Corrections** – Contains the corrections to the latest editions of the Philippine Coast Pilot books.

**Section VI. Navigational Warnings** – Contains the reprints of all previously issued navigational warnings that are still in effect as of the publication date of this edition of the Philippine Notices to Mariners.

**Section VII. Publication Notices** – Contains the latest updates on the nautical charts, electronic navigational charts, and other nautical publications of NAMRIA.

2. NAMRIA issues Notices to Mariners and Navigational Warnings sourced from private entities, foreign publications, national government agencies, and local government units. Such information is published for the sake of the safety of navigation on Philippine waters and does not imply recognition of the legal validity of the information issued by the abovementioned sources.
3. While every effort is made to ensure the accuracy of NAMRIA nautical charts and publications, users should bear in mind that it may not be complete or up-to-date, especially in areas where there are extensive developments. Mariners are advised to exercise prudence and to also refer to all navigational equipment aboard the ship and use a lookout during navigation.
4. Masters of vessels are warned that great care should be exercised in navigating Philippine waters because of the low visibility and occasional failure of some navigational lights. Buoys and beacons are sometimes lost or destroyed, especially after typhoons. Temporary deficiencies in the standard aids to navigation published in this office may have been corrected before subsequent notice is issued.
5. Positions obtained from satellite navigation systems, such as GPS, are normally referred to the WGS-84 Datum. Such position may only be plotted on NAMRIA nautical charts that are also referred to the WGS-84 Datum. Mariners should take note that due to the age and quality of some of the information, such satellite-derived positions may be more accurate than charted details.

## **List of Temporary and Preliminary Notices**

(in force as of 31 May 2024)

09(114)P/23 LUZON, S. Coast, Batangas Bay - Terminal  
03(049)T/23 LUZON, W. Coast, Manila Bay - Buoy

## COAST PILOT CORRECTIONS

### Philippine Coast Pilot, 7th Ed. Volume I

#### Chapter 5 – LUZON ISLAND

Page 5-69, right column, line 25

Replace: farther in. The barrio PUNTA is on the shore SE of

Page 5-25, right column, line 49.

Replace: Mayor Light (15° 47' 32"N., 119° 47' 47"E. in WGS84 Datum) is shown from

#### Chapter 7 – MINDANAO ISLAND

Page 7-23, left column, line 14 to 17

Replace: **SELINOG ISLAND**, 8 miles 016° from Tagolo Point, is about 0.5 mile in extent, low, flat, and wooded, with sandy shore. It is fringed with a narrow steep-to reef, which on the W side extends about 457 m. Selinog Island Light (08°

Page 7-23, left column, line 21

Replace: **Marine Protected Area** – Selinog Island and its

Page 7-23, left column, line 28

Replace: about 1.8 miles NW Selinog Island Light.

#### Chapter 9 – PANAY ISLAND

Page 9-16, right column, line 10-16.

Replace: Capiz Jetty Green Light (11° 36' 11"N., 122° 42' 25"E. in WGS84 datum ) is displayed from the N breakwater at the entrance to Port Capiz.

Capiz Jetty Red Light (11° 36' 08"N., 122° 42' 26"E. in WGS84 datum) is displayed from the S breakwater at the entrance to Port Capiz.

#### Chapter 12 – BOHOL ISLAND

Page 12-2, left column, line 60

Replace: **JANDAYAN ISLAND**, N of Corte Point, is separated

Page 12-2, right column, line 8.

Replace: Jandayan Island.

Page 12-2, right column, line 9.

Replace: **MAHANAY ISLAND**, separated from Jandayan

Page 12-6, left column, line 52.

Replace: **GETAFE (JETAFE) HARBOR**, between Jandayan

Page 12-6, right column, line 26.

Replace: of Mahanay Island and between Banacon and Jandayan

Page 12-6, right column, line 29 and 30.

Replace: E when about 0.5 mile from the shore and stand in mid-channel S of Jandayan Island. Anchor in 20.1 m (11 fm)

## **V**

# **COAST PILOT CORRECTIONS**

Page 12-6, right column, line 55.

Replace: When the N tangent to Jandayan Island bears 072°, the

Page 12-5, left column, line 5

Replace: From Sentinila Point to the N extremity of the island

Page 12-5, left column, line 13

Replace: **UBAY**, the town about 2 miles SW of Sentinila Point,

Page 12-5, right column, line 11

Replace: Sentinila Point, may be distinguished by three large white

Page 12-13, right column, line 58.

Insert: **Caution** - Submarine telecommunication cable is present in the coast of the Municipality of Cablayan, Tagbilaran. Anchoring and fishing are prohibited in the vicinity of the submarine cables.

# **PUBLICATION NOTICES**

1. There is no publication notice for this month.

---

## **NAMRIA BULLETIN**

1. Mariners are requested to notify the Hydrography Branch, NAMRIA of any changes or discrepancies found on Nautical charts and Nautical publications issued by this office, especially if this affects navigational safety in Philippine Waters. The information may be sent using the Hydrographic Note found on <https://namria.gov.ph/omsis/HNote10.aspx>.
2. Clients may purchase maps, nautical charts, publications and other maritime products online through <https://namria.gov.ph/eMapa>.
3. Please be advised that effective in October 2023, in alignment with Civil Service Commission Memorandum Circular numbers 22, series of 2014 and 6, series of 2022, and in support of the Department of Energy's energy-efficiency initiatives, we are implementing remote-work practice for non-frontline personnel every Friday. Frontline personnel engaged in critical functions and services will maintain their onsite presence.
4. Frontline personnel can be reached through the following contact numbers: Taguig City, Fort Bonifacio Map Sales Office (MSO) - (02) 8810-4831 to 42 at local 431, (02) 8810-5467, 0956 5587584, and 0915 2777903; San Nicolas, Manila MSO - (02) 8245-9498, (02) 8241-3494 at local 117, 0966 8523814, and 0921 3627524; DENR-Visayas Avenue (MSO) - 0999 6079193 and 0928 4497159; and Client Service Section - [css.gjsmb@namria.gov.ph](mailto:css.gjsmb@namria.gov.ph) and 02 88875466.

**Nautical Charts, Topographic Maps, Tide and Current Tables, and related publications are available for sale at the NAMRIA Map Sales Offices (MSO). Nautical Charts can also be purchased online thru <https://namria.gov.ph/eMapa/>**
